

MBS¹®

MOUSE BAIT STATION

VERSATILE & EASY TO USE

- Low profile made to fit in tight spaces
- Comes standard with service label
- Bait both mice and insects with the same station
- No unnecessary voids prevent harborage for insects and unwanted water from pooling
- Improved locking mechanism in 2017
- Uses VM's universal key

Metal securing rod used with soft bait

Versatile station designed for a variety of placements

Univar # 784524
